

BROOKFIELD INSIDER

E-Newsletter for the Month of August 2021

Dear Parents & Lovely Students,

We welcomed Bfisiains to our campus for in-person learning. Of course, the nerves and jitters surrounding the first day of school are consistently heightened, but there was a deep sigh of relief and happiness to be back in school and on campus for many.

Many students shared the same sentiment about their return to campus with seeing their friends, getting help from their teachers, and having a routine at the top of the list of reasons they elected to return to campus. While it is understandable that some may have felt uncomfortable with the return, almost every student surveyed stated they felt safe and protected on campus and that there was plenty of cleaning materials and sanitiser at their disposal if needed.

The schedule to end the month looked a little different for in-person students with classes per day, lunch, and celebrations. Still, many students were more eager to get back to a sense of routine with seeing their friends, learning without a screen, and being with their teachers five days/week.

We look forward to a solid finish for the 2021-2022 school year and eagerly to the fun times ahead!

RAKSHA BANDHAN CELEBRATION @ BFIS

Rakhi symbolises the promise of protection. The heartwarming day of Raksha Bandhan was celebrated with palpable fervour at Brookfield International School as the students of different grades engaged ardently in making beautiful Rakhis for their respective siblings. In this regard, a fun-filled best out of the waste activity was conducted, wherein the students gathered relevant objects from their surroundings to make Rakhis of different shapes. However, due to the COVID-19 pandemic, safety takes priority; instead of prepping to host her extended family, the focus was online, preparing rakhis & shipped them to the loved ones.

The activity not only boosted children's creativity but also enhanced their understanding of various geometric figures.
