

From the Principal's desk

Dear Parents and Students,

Welcome to the fresh new edition of Brookfield Insider! We are super excited about the progress that we have made with our Responsible Return Plan. We are looking forward to welcoming all wave groups into our building simultaneously, starting the week. While there have been struggles, I feel confident that we are on a path toward a greater sense of normalcy. I would like to thank our students, parents, staff members & the team @ BFIS for all of their support during these challenging times. As we continue to move forward, we encourage parents to be vigilant in monitoring students' progress & studies through EduNext App & Google Classroom.

With the return of larger student groups, students must remain informed regarding our safety policies. To ensure all students and staff's safety, we ask that students to review the safety protocols posted on our school website. Students must wear masks properly, practice physical distancing, wash and disinfect hands, and take the SMS policy seriously each and every day. Safety is our topmost priority!

The second term is also about to get over, and the month of March will be all overfilled by the revision, assessments & results. "I am behind you, cheering you on to the finish line. You might be feeling stressed, overwhelmed, confused and so tired – I understand that but keep going. Give it everything you've got – you're nearly there – and know that whatever happens next, you've got what it takes for a fantastic session. Your final grades won't change that."

During the next few weeks, remember that nothing that happens now has to determine what happens next. The potential in you is breathtaking, whether you've realised it yet or not. There will be choices, twists and turns in your path, and a lot of that path won't be anything like you imagined. That's one of the beautiful things about life.

In closing, I want to reiterate our gratitude for your continued support and wish you and your family good health and good spirits.

Warmer weather and better times are ahead!

Regards
JK Singh
Founder Principal

Reopening of School from Grade 1 - 4

“This is a new year, a new beginning and things will change” keeping the determination to change things around us, BFIS welcomed the little ones afresh. Never have we seen such keenness and curiosity. Those little giggles instantly enraptured the environment of the school. Again, we took special care of our smaller ones.

SMS - Social Distancing - Mask - Sanitization is our utter priority as always. But, this time, we started something fun and energetic.

Fitness on the Move: Trending Tune @BFIS

Keep moving! This is a common suggestion you will get from everyone around when you ask them for tips to stay fit. With a plethora of fitness activities available, promising other health and fitness benefits, it is quite challenging to choose one out of all. Aerobic dancing is also one such form of fitness activity, which garnered a lot of limelight in the recent past. The high-intensity and rhythmic aerobic exercise are suitable for the entire body. BFIS has started welcoming the students to the beat of the music.

BROOKFIELD INSIDER

Fitness on the Move: Trending Tune @BFIS

No matter if it's our students or teachers, everyone grooves on the rhythm of the tunes. Performing zumba and aerobics doesn't only makes them fit but also helps them keep the rest of the day in high spirits. As only a healthy outside starts from the inside, we wish BFISIANS to excel in every aspect of life, be it academics or sports.

We aspire to provide paramount skills and quality education to our students with impeccable safety and hygiene.

Basant Panchami Celebration

To mark the advent of spring, “Basant Panchmi” was celebrated at Brookfield International School with great zeal and enthusiasm. On this occasion, the entire school turned a glorious shade of yellow with dazzling decoration, keeping in mind the significance of mustard’s blooming in the fields at this time of the year. Drenched in the festive spirit, students came to school all dressed up in yellow.

Along with the Principal Sir and school staff, the students worshipped the Goddess Saraswati and sought her blessings for knowledge and wisdom.

The principal Mr Jay Kumar Singh apprised the students about the day’s significance and motivated them to understand and respect their inheritance and culture.

Basant Panchami Celebration

Not only this, BFISIANS were given exposure to be a part of the larger community and made to realise that everyone is responsible for those around them. After Saraswati Pujan, students visited “Prabh Asara - The Child Care Institute” with a strong charitable spirit.

Along with this, a “Kite Flying Competition”, an event best experienced at the heart of all actions, was also organised. The students flew beautifully decorated kites and filled the sky with colours. It was a surreal moment to watch students and faculty flashing their vibrant flying machines and racing against the wind high above, surpassing all others.

Karosambhav Workshop

E-waste is electronic products that are unwanted, not working, and nearing or at the end of their “useful life.” The ongoing challenge of how best to dispose of used and unwanted electronics isn’t a new one.

In an initiative from KAROSAMBHAV, BFIS Staff attended an awareness programme 2020-21, designed to mobilize consumers from across the stakeholders & encourage them to recycle their end-of-life electronics waste. Most of the waste electronic items are stored in households as people do not know how to discard them. This ever-increasing waste is very involved and is also a rich source of metals such as gold, silver and copper, which can be recovered and brought back into the production cycle. BFIS staff has taken a pledge to create awareness about the right way to dispose of E-waste and drive dialogue around E-waste management.
