

# BROOKFIELD INSIDER

*E-news letter for the Month of July 2021*

## Darkest before the Dawn

Dear Parents & my Dear Lovely Students,

On behalf of the entire Brookfield International School faculty and staff, I would like to welcome you and your families to the academic session of 2021-22 after Vacations. We, at Brookfield, have always envisaged a comprehensive and balanced education based on sound intellectual, physical, moral and social formation.

COVID-19 Pandemic has indeed altered lives and disrupted everyday life across the world. We understand the challenges you, your parents, and the teachers face to cater to the academic needs and a wholesome new experience sitting at home in the most awaited period of the year; summer vacations. But I am confident that you all continued to demonstrate diligence, motivation and determination to work to the best of your abilities to listen to papa mumma's instructions.

A big hand for all the parents for their continued support. This time has prepared us to deal with the emergency and build foundations of resilience to face such complex events even in the future. I congratulate all to consider this formidable challenge as an opportunity to learn and must rise to meet this bravely. We shouldn't let the Pandemic pin us down. We must remain positive and keep our hopes alive as I believe that It's darkest before dawn.

Stay well! Stay positive! Keep Smiling!

*"Tiger is a creature to be Shot with a camera, not with the gun. Saving Tigers . is saving our eco-system that is ultimately saving ourselves. So Act Now ..."*

International School  
IS NOW SENIOR SECONDARY  
SCHOOL

## GETTING AFFILIATED TO CENTRAL BOARD OF SECONDARY EDUCATION

**Congratulations to Staff, Parents and lovely Students!!!**

Education is not just a process of giving knowledge for a future job but a lifelong process that creates an understanding of moral and ethical values to guide one's life on the right path. As a parent, you want the best for your child, and we are proud to be working with you to ensure that they are given the proper knowledge to face future challenges. Parents, students and the school authorities are a team, and we have to complement each other's efforts.

With great pride adding another feather in the glorious cap, I would like to congratulate all on getting the school affiliated with the Central Board of Secondary Education, which has become possible only with your kind support and trust in us.

Brookfield International School was always committed to focusing on our students' complete development by involving them in both scholastic & co-scholastic activities. I am sure this will help our children to realize, understand & explore their talents.

This board has successfully matched the needs and changing trends in the world of education. As a result, the quality of the education system has always been high and competitive.

Again I would like to extend heartfelt gratitude for all the trust and support you all had in us throughout last year, and looking forward to growing more assertive with your kind support. Brookfield striving to provide the best of the services as always.

“The first step towards getting somewhere is to decide you're not going to stay where you are.”

—John Pierpont Morgan

## EXAMINATION

### Here come the Exams!

" Successful and unsuccessful people do not vary significantly in their abilities. They vary in their desires to reach their potential. Exams are a part of growing up; they are inevitable when it comes to knowledge testing." Examinations are not meant for creating a feeling of depression among students; they are meant to create a sense of responsibility among those learners to remember the concepts and present them in the most valuable form. The reason behind conducting these examinations was to test the knowledge gained and the presentation of that knowledge. Catering for the covid situation in mind, we again went for online exams. The exams were conducted in three phases- subjective, objective and oral exams to showcase and excel in all the skills. In addition to that, a paramount focus was on the artistic skill of student naming art integration projects which students did with full interest. Keep going! All your hard work will pay off in the end.

## RELIVE; ENVIRO TIGER FEST 2021

Day two & three proved to be very exciting as the shortlisted teams competed for the best ones. The students showed great excitement and enthusiasm towards the debate issues as they each provided their reasoning for the motion given to them. In addition, the students presented their views and had healthy rebuttals as they spoke in favour of their topics.

It kept the spirits high among the teams as they each put their best foot forward to acquire the Pinnacle position. Day three witnessed great excitement as the participants had now qualified for the quarter-finals teams from the knock out sessions of days 1 and 2. So the competition became challenging as the competitors were the best ones.

Along with this, many environmentalists and special guests graced the occasion with their virtual presence. Prof Dr Parvish guided us that we should save tigers and conserve all the endangered species. Many Principals from all over India joined the event and put forward their viewpoints. We had certain teachers who joined us from Taiwan, like Ms Tiffany Pan, Ms Lin Shan Ying, Ms Ming Yao Hsiung, and Mr Rony.

The Glammand Team girls also enlightened the students with their precious words.

The students had also prepared beautiful posters and poems on Save Tiger, showcased in the virtual event.

## RELIVE; ENVIRO TIGER FEST 2021

*Once the tiger is history, it won't repeat itself...  
So, let's cause an uproar to save tigers...*

On the occasion of **World Tiger Day** on **29th July**, **Brookfield International School, New Chandigarh**, organized **Relive; Enviro Tiger Fest 2021** a three-day Mega Celebration to celebrate the existence of Tigers. It starts with Enviro Behes; A Debate Competition: "Let the Voice Thunder out" in collaboration with Behes along with other collaborating partners like Act Now, Sanctuary Asia, Environment Online, Glamanad and tree buddy.

The school had registered more than 100 teams from schools across the globe to participate in this Mega Event, "**Save our tigers, Save our pride**". The event commenced with the opening ceremony on 26th July, which went live on the official FACEBOOK page. The event for day one commenced by Founder Principal Dr J.K. Singh opening the event. He appreciated the schools for coming ahead to let their students

participate and make that roar much louder to reach the masses. Also, he emphasized that if nature is responsible for our existence, we must take responsibility for its existence.

Day one - the program started with the Principal Sir opening the event by inviting Mr Salil, the founder of Behes, to apprise everyone of the day's proceedings. The students were apprised of the activities in the days to follow during the mega event.

More than 100 school teams divided into two groups, Cubs and Tigers, debated various environmental issues and were judged for their content and presentation.

Students from different age groups were teamed up as cubs and lions debated on a given topic. Hence, they created sensitization and awareness as they roar to instigate everyone to save the tigers before history.
